

SELALU

A HAVEN FOR LIGHTMINDED FRIENDS

Hi, dear friend.

We, Ole and Kim, would like you to be part of something truly special - a vibrant hub of incredible individuals, like Yourself.

Allow us to introduce **Selalu – A Haven For Lightminded Friends** - a paradise we are in the process of passionately building on a big piece of land, approximately 4 hectares nestled in breathtaking Balinese surroundings. Selalu is not a hotel, nor a community, nor a business, nor a retreat centre. It's so much more!

Picture a place where you can recharge, reconnect, rejoice, and truly return to your source. This is more than just a project; it's a dream we have nurtured for over 20 years, a quest to find our rightful place on Earth. And guess what? We've finally found it, right here in beautiful Bali - and the timing couldn't be more perfect!

We envision a space where you can live (full or part time), hang out with hand-picked free-thinkers and change-makers from around the world, rest, work and create, or even retire in your own space, a freehold villa with garden and pool.

If this resonates within you, please email kim@lightonconspiracies.com and she will personally respond and send more information to you. Thank you for considering this invitation.

Love and Light
